Liberty Business Guide to change the Wi-Fi network credentials

GATEWAY IP3442

Credentials

The name (SSID) and the password of a Wi-Fi network are known as credentials.

You can change the credentials that come with your Gateway. Follow the steps below to customize them.

Steps to change the Wi-Fi credentials

Connect to the *Gateway's* Wi-Fi network. Make sure that the *Gateway* is connected via a LAN cable to the *ONT* at all times.

Go to this web address: *http://192.168.1.1/*. Enter the Gateway's original credentials.

SERCOM		
Welcome to your Sercomm Ro	outer	
	Enter your Sercomm Router password.	
	Username	Log In
	Password	

They are printed on a label at the bottom of the device.

Steps to change the Wi-Fi credentials

3.

Go to the *Wireless* tab and press the *Basic Setup* option.

SERED/M						Hi admin
