

How to Configure Mobility Controls APN on Moxee Mobile Hotspot

Follow these steps to add the Mobility Controls feature to your Hotspot.

Configuring your Moxee Mobile Hotspot

1

Connect your device to the Internet through Wi-Fi or Ethernet cable

2

Got to <http://192.168.1.1/> or <http://device.WebUI>

Configuring your Moxee Mobile Hotspot

3

User Name

Password

Log In

Type **admin** under the User Name

4

User Name

Password

Log In

Enter the default Password

The default Password is: **12\$** followed by the last 3 digits of the device IMEI (for example: **12\$123**). Your device IMEI is in the device battery tray sticker.
