

How to add an Internet APN to NETGEAR Nighthawk Router

Follow these steps to navigate the Internet using Mobility Controls.

Add an Internet APN to *NETGEAR Nighthawk Router*

1

Connect your device to the Internet through Wi-Fi or Ethernet cable

2

A screenshot of a web browser showing the login page for a NETGEAR mobile router. The page title is "Enter local credentials". Below the title, it says "Enter your mobile router's administration panel password." There are two input fields: "Username" with the text "admin" entered, and "Password" which is empty. A blue "SIGN IN" button is at the bottom. An orange arrow points to the "Username" field.

Got to <http://192.168.1.1/> and enter the username

The default username is: **admin**
